IV. FACTS

4.1 On or about February 17, 2016, Plaintiff was working as a service technician for Louisiana Safety Systems, and was seriously injured when he slipped and fell while traversing stairs on Platform GI47-L, a platform owned and/or operated by Defendants.

V. CAUSE OF ACTION

A. NEGLIGENCE AND GROSS NEGLIGENCE

5.1 As stated above, on or about February 17, 2016, Plaintiff sustained serious and disabling injuries while on Defendants' platform.

5.2 Plaintiff would show that nothing he did or failed to do on the occasion in question caused or in any way contributed to cause his injuries. To the contrary, the occurrence in which Plaintiff was injured and the injuries which he sustained were proximately caused by the negligence and/or gross negligence, as those terms are understood in law, on the part of all Defendants, their agents, servants and/or employees, including the PIC, crane operator and hand, who were acting in the course and scope of their employment for Defendants at all times material to this cause of action.

5.3 Plaintiff would further show that the platform Defendants had custody or control of the platform, and were responsible for maintaining the platform in a reasonably safe condition, free from hazards that would expose the Plaintiff to injury.

5.4 The platform Defendants also maintained control over the details of the work being performed at the work site in question and the right of control over the work being performed by all of the men at the work site in question, including the Plaintiff. Said Defendants had the right of supervision of the details of the procedures, equipment, devices, instructions, methods, and manner of work being performed. Further, Defendants were in overall charge of safety at the job site in question, and owed Plaintiff a duty to exercise

reasonable care to insure that said work by all contractors at the work site in question, was done in a safe and prudent manner.

5.5 As a result of all Defendants' actions and/or inactions, Plaintiff has been caused to endure considerable pain and suffering, and as a result thereof, was obliged to obtain medical care and treatment, caused to lose time from his employment, and sustain the monetary and financial loss occasioned by said lost time from work. Plaintiff has been prevented, and in all likelihood will continue to be prevented, from engaging in his usual occupations, pastimes and pursuits which he would have engaged in but for the injury aforementioned.

5.6 In addition to the above negligent acts, all Defendants acted willfully, and with malice, or recklessness, in doing the things alleged, and were grossly negligent in the aforementioned particulars.

5.7 The federal regulations applicable to the platform specifically state, "The goal of your required SEMS program is to promote safety and environmental protection by ensuring all personnel aboard a facility are complying with the policies and procedures." 30 C.F.R. § 250.1901. The SEMS regulations contained in the Code of Federal Regulations set out a comprehensive scheme designed to ensure owners like the platform Defendants develop and have in place a safety program that meets minimum safety requirements, to include general safety, hazard analysis, safety and environmental information, management of change, safe work practices, training, auditing, operating procedures, pre-startup review,

record keeping, SOP work authority, ultimate work authority, reporting unsafe work conditions, and job safety analysis, among others. 30 C.F.R. § 250.1902. Pursuant to 30 C.F.R. § 250.1900, *et seq.*, said Defendants had a non-delegable duty to supervise contractors on the platform, and for ensuring that all personnel on the platform followed Safe Work Practices. The platform Defendants were responsible for ensuring that all of their contractors worked together to operate in a safe and environmentally responsible manner.

VI. DAMAGES (PECUNIARY AND NON-PECUNIARY)

6.1 As a result of these occurrences and negligent acts of all Defendants, Plaintiff sustained severe and permanent injuries to his body. In addition to the expenses incurred by him and incapacity to labor caused by his injuries, he has been put to much expense for medical treatment; such expense is still continuing and he is unable to state the full amount thereof.

6.2 Categorical damages which Plaintiff seeks to recover from all Defendants include compensation for the following:

- (c) physical pain and suffering and mental anguish sustained by Plaintiff from the date of injury to time of trial;
